**Hazard Mitigation Review Application**

On-site Hazard Mitigation Review Conferences are conducted between county staff and potential applicants at the site of the planned flood recovery development. The purposes of the Hazard Mitigation Review are to assess the safety of the proposed restoration/construction in light of the actual damage caused by the 2013 Extreme Rain and Flood Event and related hazardous forces triggered by that disaster (such as flooding, debris flows, rockfalls, mudslides, topographic changes or instability, drainage channel shifts, area drainage system impairments or failures, and soil saturation) to the Eligible Structure, the subject property, surrounding properties, and public and private infrastructure serving the subject property; and assure that the proposal complies with the standards of Land Use Code Article 19-200, so that any such future hazards can be reduced or avoided to the maximum extent practicable. The first step in the process is a pre-application conference, held on-site if possible.

**Complete and submit this form to the Land Use Department along with the \$260 Hazard Mitigation Review fee. A planner will arrange a time to visit the subject property.**

Applicant's Name <input type="checkbox"/> Contact	Applicant's Phone
Project Address	Applicant's Email Address
City	Property Owner <input type="checkbox"/> Same as above
Zip Code	Property Owner's Email Address <input type="checkbox"/> Same as above

**Certification:**

I am the owner of the subject property and I hereby consent to the filing of this application authorizing the County staff to enter onto and conduct a pre-application on-site meeting or meetings on the subject property, pursuant to the Article 19-200 regulations of the Boulder County Land Use Code.
